**PREAMBLE**

Northern Gateway Public Schools supports international travel as a valuable opportunity for students to develop a deeper understanding of the global society, historical events and the impact those have on our collective development of a world citizen viewpoint. However, there are occasions when international travel must be considered in the light of security concerns that exist in various parts of the world. In these situations it is the wish of the Board of Trustees that all participants in the trip are given the opportunity to decide if they want to continue with their personal commitment to be involved in the event.

To allow all participants to have the background information necessary for that decision the administration of the school, in conjunction with supporting documentation from the trip provider, will provide an addendum to this consent form that outlines the following:

- the complete itinerary of the trip including destinations, accommodation arrangements and "in country travel" structures;
- the current levels of concern around the security of all aspects of the trip and the cancellation cost structure if the decision is made to not participate in the trip.

With that background information this consent form will allow the school to ensure that each participant is fully knowledgeable about the trip and has made a decision that meets their needs and expectations.

**PLEASE READ CAREFULLY**
