

Administrative Procedure 960

ENVIRONMENTAL CONSIDERATIONS

Background

The Superintendent is committed to providing education programs and fostering administrative procedures and processes that are intended to protect and preserve the environment.

Procedures

1. Division staff shall endeavour to purchase “environmentally friendly” products in order to provide the highest possible level of performance.
2. Division staff shall endeavor to operate Division facilities and equipment in the most efficient manner and consideration for safety and comfort, notably:
 - 2.1 Efficient use of energy or water shall be considerations for renovations, new construction, and operations;
 - 2.2 Employees shall practice energy conservation measures; and
 - 2.3 The Director of Maintenance shall monitor energy and water consumption.
3. Division staff shall reduce, recycle and responsibly dispose of waste materials in all schools and departments.
4. Teachers shall incorporate environmental education into the content and methodology of instructional programming, where prudent to do so.
5. Division staff shall promote local habitat conservation and improvement on all Division owned properties, where possible and prudent to do so.
