

Board Policy 19

Establishment of Electoral Ward Structures

The Board believes in establishing electoral wards and subdivisions that reflect population along with other unique factors within the Division.

1. The Board shall primarily consider population in the establishment of wards or subdivisions.
2. The Board shall also consider the following factors in determining ward or subdivision structure:
 - 2.1 geographic size and features;
 - 2.2 number of schools;
 - 2.3 roadways;
 - 2.4 municipal and transportation boundaries.
3. The Board shall consider the establishment of wards or subdivisions that are clear and easily identifiable to the elector.
4. The Board shall pass a by-law to reaffirm ward and subdivision boundaries, or if necessary, adjust boundaries, within the first three years of a term of office.
